Buckles

Available in an ear style or heavy duty, Strapbinder buckles are made with Type 201 or Type 316 stainless steel to suit a wide variety of applications.

Wing Seals

Grade 304 Stainless Steel Wing Seals can be used with Strapbinder economy stainless steel strapping and Steelbinder Strapping™.

*Must order in master carton quantities

Spin Tight Tools

The spin tight tensioner features a spring-loaded gripper for more efficient band handling. A black chromium finish provides corrosion resistance. The ST001 and the ST402B are used for tensioning stainless steel bands and buckles. Affix the HBJ-001 Adapter to this tool for J-Series clamp attachment.

Steelbinder™ Tensioner - ST101

This heavy duty windless tensioner is used with stainless steel strapping. It features a cutter and hammer knob for wing seal closing. For use with 3/8" x 3/4" x .030 (9.3-19.0 x 0.76 mm) maximum strapping. Highly portable, fast, reliable ratchet type tool.

Battery Powered Band and Buckle Tensioning Tool - 800805

Consistent tensioning of 1/2" - 5/8" and 3/4" stainless strapping. Excellent option for large diameter hose, sign securement and bundling applications. Use with ear style buckles or wing seals. Battery and charger included.
